

WHAT IS AIRLUME COTTON?

Not all tees are created equal. It's the highest quality combed and ring-spun cotton you can get. How do we know? We've been working 25 years to perfect it. Clean cotton, long staple fibers and our eco-friendly dyeing process are what makes our cotton different.

Unisex Jersey Short Sleeve Tee
In NEW Synthetic Green

BEST QUALITY COTTON

- What is Airlume? Airlume cotton uses 2.5 times cleaner and longer staple fibers.

ECO FRIENDLY

- No harmful chemicals or dyes are used on our fabrics.
- We use 7x less water than the average manufacturer. Saving millions of gallons per month.

MOST COLORS

- Airlume fabric is offered in over 100 colors. You can find these colors in 100% Airlume cotton and Heather CVC fabrics.

COMPETITIVE PRICE

- Even better? This premium fabric is a part of a price point category.
