FEMALE EDIT

In 1992, the approach to women's apparel in our industry was to "shrink it & pink it" by using a small sized men's tee in a feminine color. No true ladies fit garments existed. **BELLA+CANVAS** co-founders, Danny Harris and Marco DeGeorge, quickly recognized the void in our market and "Bella" was born. Fast forward to the present and women choose **BELLA+CANVAS** for trend forward and premium quality apparel.
