

# BELLA+CANVAS®

US  
VS.  
THEM

**US**

WE ARE THE ONLY MANUFACTURE OF  
SIDE-SEAMED TEES TO USE  
AUTOMATED CUTTERS

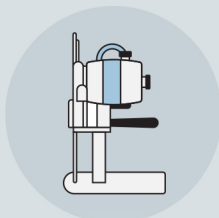

**US**

OUR TOLERANCE IS 1/64" WHICH  
MEANS OUR FIT IS THE EXACT SAME  
ACROSS MILLIONS OF TEES

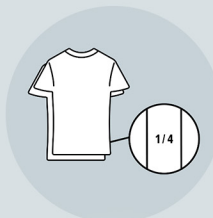

**US**

OUR PATTERNS FIT TOGETHER  
LIKE A PERFECT PUZZLE

**THEM**

IT'S CRAZY TO THINK ABOUT BUT  
MOST MANUFACTURES CUT  
FABRIC BY HAND

**THEM**

THEIR TOLERANCE IS 1/4" WHICH CAN  
LEAD TO INCONSISTENCY  
WITHIN SIZES

**THEM**

THE PIECES MIGHT NOT FIT  
TOGETHER AS WELL, LEADING TO  
INCONSISTENCIES WITHIN SIZES

## THE CONSISTENCY OF A T-SHIRT

There are two types of cutting processes you should know about. Laser guided automated cutting (which is what we do at BELLA+CANVAS) and hand cutting, which is what all other manufacturers of side-seamed tees in our industry do.

AUTOMATED  
VS  
HAND CUTTING
